VOLUME 8

CLARESHOLM ALTA., NOV. 7, 1912.

NO. 37

The Provincial Sunday School Convention

Nov. 12-14, 1912 are the dates of the Alberta Sunday School Convention of the Alberta Sunday School Association, which will be held in the City of Calgary in the First Baptist Church, corner of 12th Avenue and 4th Street West.

The work of the Association is strictly denominational, and delegates from every Evangelical Sunday School will be welcomed at the Provincial Convention.

Delegates are requested to purchase a single fare ticket to Calgary and to ask the ticket seller for a Standard Certificate which will be presented at the Convention office validated and returned to the delegate, who will present it at the Ticket Office in Calgary, and secure a return railway ticket free.

A Wonderful Bargain

For a great big dollar's worth the offer this week by the Family Herald and Weekly Star of Montreal cannot be beaten. A sample copy of their new picture "Mother's Treasures," 25 by 20 inches, all ready for framing, has reached this office. It certainly is beautiful and every home in Canada will be the better of having a copy of the house. The Family Herald and Weekly Star, bigger, brighter and better than ever, along with such a beautiful picture, all for one dollar is a bargain that should be taken advantage of. It is only The Family Herald and Weekly Star that can offer such a picture free with a year's subscription. People wonder how it can be done, yet still it is done, and the people get the benefit.

Masquerade Ball

A grand White Sheet and Mask Ball in aid of the Parish Hall will be held in the Oddfellows' Hall on Wednesday November 13th, 1912. Grand March to commence at 8:30 sharp. Refreshments will be served. Tickets \$1.00 per couple can be had from the following committee: Messrs C. W. James, J. T. Simons, C. H. Westmore, G. W. Clark, W. H. Kinsley, S. S. Saveland, and Mesdames Tillson, Gray and James and Misses Stella Camarosa, Tina Brownlee and Margaret Mitchell.

OBITUARY

The death occurred on Oct. 12th at his home here, of Charles Honey at the age of 67 years 1 month. The late Mr. Honey was born in Cornwall, England and in his boyhood was foreman for his father where he gained the groundwork of his knowledge of the cattle industry with which he was more or less identified all his life. He went to New Zealand when quite a young man and took charge of a large stock ranch of over 3000 acres. Coming to the West about the year 1882 he settled in Manitoba where he spent the next ten years and then came to this neighborhood where he located on the ranch in the Hills still known as the Honey Ranch. While on this ranch and engaged in stock raising his stock attained a reputation for excellence second to none in the West and all old timers counted Mr. Honey an old timer. It is only in the past two years that Mr. Honey had retired to enjoy his well earned rest and sold the ranch to Weiger & Weiger who now operate it.

The deceased was a member of the Church of England. Among the surviving members of his family are his widow, Mrs. Honey, and daughter Violet, at home, Mrs. John Goldie, of Oak Harbor, Wash., and Mrs. Thurston, of Moose Jaw, daughters, and William, of Bismarck, Man., and Richard, of Yorkville, Ont., sons. The funeral service was conducted by the Rev. Wm. McNichol on following Monday, and interment took place in Clareholm Cemetery. A large number of the citizens attended and the expressions of condolence and sympathy were most sincere.

The Youth's Companion for 1913

The Youth's Companion appeals to every interest of family life, from housekeeping to athletics. It begins with stories of youth and vigor, with articles which disclose the secrets of successful play in the great games, with charming tales of life at the girl's colleges. But The Companion does not surround these readers when they have entered the more serious path of life. Mothers will welcome the page for little children and the weekly doctor's article. Fathers will find the important news of the day as it is, and not as it is rumored to be. The entire household will appreciate the sketches which touch gently on common faults and virtues of contemporary life. In short, for less than five cents a week The Companion brings into the home clean entertainment, pure information, fine ideals, interest of knowledge.

Names rarely seen in tables of contents will be found in The Companion's Announcement for 1913, which will be sent upon request, with samples of the paper, to those not familiar with it.

Every new subscriber for 1912 who sends \$2.25 will receive free all the issues for the remaining weeks of the year. The Companion, with its Double Transparency and Calendar for 1913, is rich, transient colors—the most beautiful of all Companion souvenirs.

A Coming Treat

Too much praise cannot be given Venus Lodge, Rebekahs, for engaging the Schubert Symphony Club and Lady Quartette of Chicago to appear here on Nov. 20th, at the I. O. O. F. Hall. This company is in its 24th year of success, and is acknowledged everywhere to be the "top" up-to-date musical Company traveling. Everybody likes music and everybody enjoys a hearty laugh. A delightful blending of pure fun and fine music is the reason why the above company has won its way to the top notch of public esteem.

NOTICE

This issue of Saturday as well as the issue last Tuesday enables us to "catch up." Thursday we resume our regular day of issue.

DON'T BE CAUGHT BEGINNING AT NAPPING THE BEGINNING

A gentle reminder to the ratepayers of this town that the term of the present council is rapidly drawing to a close; is not amiss. This year has been a trying one, what with the unsatisfactory relations of the town with the contractor for the pipe line, the rather abrupt change in the taxing system, the bank overdraft that has been bleeding a few haire in official funds, etc. We can expect in a few days the annual statement for the information of the ratepayers, and the public meeting is fast approaching. Too great interest can not be taken in the year's record of those who by accepting official positions on the Council Board have agreed to sink personal and private interests in the greater common interest of the town at large. We have argued before that it is an honor to be selected by one's fellow citizens as a man of trust and ability fit to be in charge of the welfare and the civic good of a thousand people and the success of a business enterprise of over \$105,000. No honest taxpayer should be made to feel the vacancies which will soon be in evidence. No factional party should be allowed to choose and elect councilors; no absurd prejudices should shut out the best men for the office; no selfish interests should hold back, from acceptance of the councilship, any good man who is sought by his fellows. The positions on the council should not go to sleeping. Every citizen should inform himself of the work of each councilor during the past year and give the honors only where deserved. Every ratepayer should take a personal interest in the selecting of the candidates who will offer for election. Every citizen should endeavor to see that the man and his qualifications should be the only test.

Depleting the Ranks

The ranks of the backsliders suffered three casualties lately. At the Willow Hotel, Clareholm, on Monday, Oct. 10th, by the Rev. Wm. McNichol, P. Eugene Winick and Lillian McAdley Cunningham, both of Clareholm, were united in matrimony.

At the Manse, Clareholm, on Wednesday, Nov. 6th by the Rev. Wm. McNichol, R. Amos Morrin, of Qu'bec, was united in marriage to Mrs. A. A. Bensen, of Berlin, Germany. The couple left to make their home in the Peace River country.

At the home of the bride's mother, Mrs. Hawkins, Clareholm, on Thursday Nov. 7th, by the Rev. M. Hillard, Harry Edward Mosely and Alta Euphemia Hawkins were united in wedlock in the presence of the immediate relatives of the two.

Not Pumpkinheads

The 2nd award was won by Leo Pfeiffer at the Dry Farming Congress on his exhibit of calabashes. This district has many things of which it may legitimately boast and it is no ashamed of its "calabashes."

Ranching and Grazing Investigation Commission

The recently appointed Ranching and Grazing Investigation Commission of which Geo. H. Pope is the chairman and Clarence F. Graham, the Secretary, will sit at Clareholm on Saturday, November 10th, at 10 a. m. Those who have an interest in the meeting of this commission will please remember the date.

Mr. Thomas Valentine Purcell

This young American violin virtuoso will be heard with the Schubert Co. on Nov. 20th at the I. O. O. F. Hall. Close application to study makes the best American and foreign masters, coupled with his natural talent, has enabled him, at an early age, to win a place among the foremost artists on this acknowledged king of instruments.

NOTICE

A meeting of the United Farmers of Alberta will be held next Saturday, November 16th 1912, in St. John's Parish Hall, at 2 o'clock p. m. sharp. All members of the Union should be in attendance.

ROBERT K. PECK, Secretary.

A Western Favorite

The Family Herald and Weekly Star of Montreal have announced their programme for 1913 and subscribers are to receive greater value than ever before, and that is saying a whole lot. In this western country, such a paper is a great blessing. It interests everybody. The hints and information it gives are worth hundreds of dollars in a year. New settlers cannot afford to be without such a paper, no other fills the bill for the West like The Family Herald and Weekly Star. In addition to the paper as a whole year, each subscriber receives a most beautiful picture entitled "Mother's Treasures." It is 23 by 25 inches, all ready for framing. The picture alone would sell at a two dollar bill in any art store in the big cities. Any home not now getting The Family Herald and Weekly Star should give it a trial for 1913. They will never regret it.

A TREAT IN STORE

We have in prospect an engagement of the celebrated Schubert Symphony Club and Lady Quartette Company of Chicago, and it is expected that they will be secured to give one of their delightful entertainments about November 20. This Company gives a programme of the greatest variety, consisting of Lady Quartettes, Mandolin and Guitar Chorus, String, Violin and Vocal Solos, Amusing Readings. In the Schuberts we shall get a musical entertainment that is enjoyable from the first to the last, not a long dull affair, but a bright interesting program of music's choicest gems. All like to laugh, and this fact is not overlooked by the Schubert Symphony Club. Several numbers on their program, as well as all their exercises, are full of fun, and you will be highly entertained by their program on November 20. The entertainment is the first undertaken by the newly instituted Venus Rebekah Lodge.

November "Rod and Gun"

The story of a 1,000 mile trip over snow is told by a termian hunter in the opening number of the November issue of ROD AND GUN IN CANADA published by W. J. Taylor, Woodstock, Ont. Frank Houghton contributes an amusing tale of Western life entitled "Two is not Always Company," while the seventh article of series "The Culture of Black and Silver Foxes" under the heading, "Food and Feeding" appears in this issue. A trip after Caribou in Newfoundland, The Seventh Summer Camp of the Alpine Club of Canada, Tenderfoot Deer Hunters in the Laurentian Mountain Mountains, A trip to the Coast, Game protection in British Columbia, A Wolf Hunt in Saskatchewan and other stories and articles constitute a typically Canadian bill of fare for sportsmen and lovers of outdoor life.

Mr. and Mrs. Thos. Moore returned last night from a business trip to Calgary.

MAGNET MARVELS

Modern Giants That Raise Tons of Metal at a Time.

LIFT BILLETS HOT OR COLD.

A Single One of These Monsters With Invisible Magnets Will Do the Work of Half a Hundred Men—The Magnet in Medicine and in Surgery.

Those who have watched a toy magnet lift up pins and needles and marveled at its feat on the magnet, power that causes the bits of metal to jump might well be excused for standing aghast at the sight of a modern giant magnet picking up several tons of iron and steel from the scrap heap and conveying it with ease and rapidly to the melting furnace beyond.

No great loss of the commercial development of the magnet that it can lift iron and steel tons. These giant magnets used in iron and steel mills can pick up not as well as cold billets, and a single one of this character will displace half a hundred workmen.

A further improvement may be added to the combination of skull cracker and magnet. The skull cracker is a huge post shaped bit of iron supported by a chain to a hook and steel ropes. This skull cracker is dropped with great force on scrap metal to be broken up for re-melting. It breaks the metal into conveniently small pieces and is lifted up and down by the magnet until the scrap is reduced to proper size. Then the invisible fingers of the magnet gather up the small pieces and carry them to the melting furnace. The entire operation is now finished in one hundredth of the time formerly required for manual labor.

More recently magnets have been employed in the mining industry to pick out small particles of metal that frequently get into bore and cause stoppages through friction when they come in contact with the drill rollers. Not a particle of metal can escape the powerful magnets suspended over the chute through which the grain passes. In mining and metallurgical work the magnet has become an indispensable labor saving agent. The magnetic separation of ores has saved thousands of dollars to mining companies. When the rocks are crushed and pulverized, powerful magnets gather up the ferromagnetic parts of metal released from their beds and convey them to the melting furnace. Quantities of ore can thus be saved from the tailings that were formerly considered pure waste.

Recently commercial magnets were employed for the novel purpose of raising sunken treasures. A big cargo of nails was lost in treacherous waters, and the loss seemed irreparable until some enterprising genius raised them easily and cheaply by means of a magnet suspended from a derrick by steel cables.

In the most improved commercial magnets hollow steel castings are used, in which magnetized coils are placed. The latter are built up of alternate layers of copper and asbestos and insulated from the rest of the frame by thick sheets of mica. A magnet of this construction is proof against heat and cold and free from the danger of short circuiting. There is nothing combustible used in its manufacture, and it can endure up to a temperature of steel with comparative ease.

But the invisible fingers of the magnet can pick up the most delicate splinter of steel no larger than a sewing needle as easily as it can lift a ton of steel beam weighing a ton or two. The small magnets have therefore found as great a field of usefulness as the big ones. In all trades they are employed for handling pieces of metal too small for fingers to pick up easily.

In a medical way they are used successfully for extracting iron or steel splinters from the eye and also for drawing out of the body needles and pieces of metal that have found lodgment there. A dressmaker who had inadvertently swallowed a dozen needles was operated upon in this way with entire success. For several days she was pinned under a powerful magnet until every needle had been drawn from her body.

In a therapeutic way magnets have proved of value in destroying ulcers and cancerous growths, and even blood diseases of some kinds have yielded to their curative effects. A man with the point of a dagger driven off in his body had it removed by a magnet. Another patient had been suffering from a painful ulcer on the chin for many years without finding relief. He was finally cured by treatment with a magnet, which drew from his chin a lot of steel filings that had caused all the trouble. The filings had found lodgment in a cut in his face one day when working before a turning lathe. No immediate trouble had followed, and the man had forgotten the incident until the magnet drew them out and saved his chin. He is now well—George E. Waite is Chicago Record-Herald.

A Pertinent Question.
There are great men who cannot spell, and small people who object to them. "Spell 'cat,'" said the teacher to the boy at the tail end of the class. "K-a-t" replied the boy. "Bully," replied the teacher. "Can't you spell cat?" "Well," replied the sensible boy, "what does k-a-t spell?"—London Chronicle.

Idleness is only the refuge of weak minds and the holiday of fools.—Chatterbox.
